

*"Near  
Dispersion"*

*Meacham's Koreandale Herd*

**SATURDAY, NOVEMBER 12, 1960**

**STURGIS, KENTUCKY**

these are typical koreandale farms short-horns . . . the heifers all sold in the 1958 kentucky national futurity show and sale . . . the bull is the son of marshall monty that has been retained.

in this “near dispersion” you will have an opportunity to buy the “tools” that have produced twelve champions at that great event.

Winners of the Luther K. Rice Trophy for Best Group of Three, 1960 Kentucky National Futurity Show and Sale. The bull, reserve grand champion, is the first son of the bull pictured above.

A group of the Koreandale brood cows.

Shorthorns have been on these farms for nearly 100 years. The registered herd was founded by W. E. Hamner, father of Mrs. Charles Meacham, in 1871. Prior to this Mr. Hamner had owned a herd of grade Shorthorns. In 1914 Mr. Hamner formed a partnership with Charles M. Meacham and one of the early bulls at that time was the Bellows bred Radium Goods.

In 1928, they bought the bull Calrossie Mandarin from the John Thompson Estate . . . a show bull by Calrossie Roan Challenger, one of the great imported bulls of the day. In 1935, Mr. Hamner passed away. It was about that time that Kalarama Marshall was purchased. He was a son of the famed Browndale Thistle and was the first bull William Meacham, the present owner, had a hand in buying.

The name Koreandale came as an outgrowth of being the first in this area to produce Korean Lespedeza seed. Several years later, when the market for Lespedeza seed became flooded, the Meachams began developing their well

known strains of Hybrid Seed Corn.

In April, 1946 when Bill Meacham was growing older, they made a decision to expand. In the early 1940's, the Glen Eden herd owned by Louis Inglehart was dispersed because of his death. Two years later his nephew John Carpenter decided to re-establish the herd at Glen Eden and purchased the bulk of the great old Kalarama herd from Ray Thurman (the story of Kalarama would be a volume in itself). Later when Carpenter sold the Glen Eden property, he was forced to sell the Kalarama herd quickly and the Meachams stepped in and bought them all. Thus, for practical purposes, the Kalarama herd formed the basis of the Koreandale herd as it is today — and many of the cattle in this sale trace to Kalarama.

Then came Marshall Monty — as big a stroke of good fortune as has ever blessed any herd. This bull had come in dam to Sni-A-Bar Farms, Missouri, in one of their importations. Deep in the strongest of A. J. Marshall breeding on

both sides, he was exhibited by Sni-A-Bar at the 1946 International in their first prize three bull group, along with the champion and reserve champion, Sni-A-Bar Control and Sni-A-Bar Randolph. Bill Meacham bought him in the 1946 International sale for \$2,500.

Fortunately for the breed, Marshall Monty was not only a great sire, but he lived a long life, remaining in active service for ten years at Koreandale. During his lifetime, many sons were sold. They did the same job for their new owners that Monty did for Koreandale. In nearly every section of the country you will find the influence of Marshall Monty.

The Meachams followed a careful program of offering a few daughters each year, and putting a few back in the herd. Today there are sixteen daughters of Marshall Monty at Koreandale, twelve of which sell in this sale. If some progressive breeder would buy them all, he would have what it has taken the Meachams all these years to accomplish.

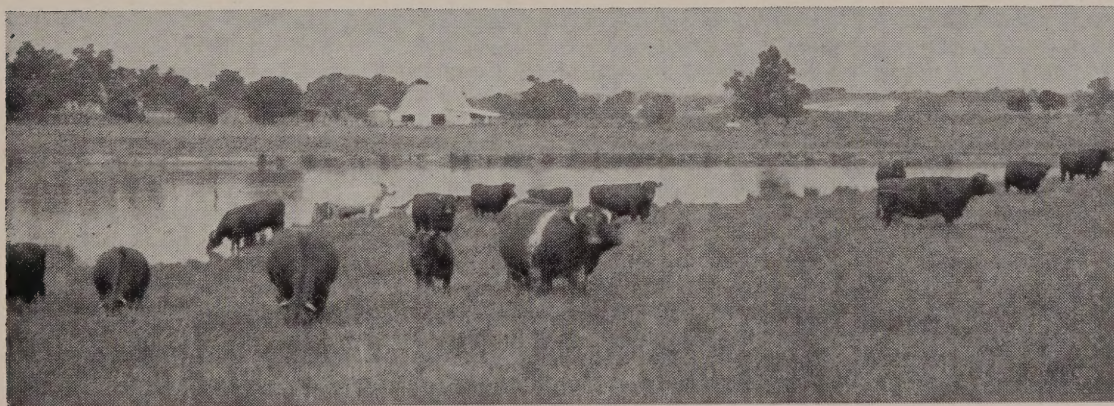

Twelve times in the past decade the Meachams have had champions at the Kentucky National Futurity Show and Sale, held annually at Bowling Green.

Those who have attended this sale need not be reminded of the stiff competition that prevails.

Sunset Bounce 7th and Chapelton North Star, both carrying strong A. J. Marshall breeding similar to Marshall Monty were used. In 1956 the Meacham's purchased Leveldale Acumen for \$3,300 in the Mathers sale. This bull has been used successfully and is being offered in this sale only because the herd is being reduced. Marshall's Perfect, Kentucky Futurity champion, was purchased in 1953, another bull bred by A. J. Marshall. Unfortunately he died after siring one calf crop, but left a son K F Rex Perfect. Two sons of Marshall Monty have been used, K F Stamford Marshall, and the current junior herd sire, K F Prince Monty, whose first bull calf was the reserve grand champion at the Kentucky Futurity.

The fact that of the thirty cows selling, twenty-nine will have calves at foot is indication of the herd's prolificacy. The footnotes indicate further how these cows have been delivering calves every year.

There can be no question that this dispersion will offer some of the best opportunities that will be presented in many years.

Daughters of Marshall Monty at Koreandale. Twelve of the sixteen daughters of Marshall Monty in the herd sell.

# *General Sale Information*

**TIME & PLACE:** Saturday, November 12, 1960. Sale starts at 12 Noon C.S.T. Lunch will be available on grounds. The sale will be held at the farm three miles north of Sturgis, Kentucky, on U. S. 60. Look for the farm sign on the road. This is the farm where William Meacham resides. The Charles Meacham farm is three miles south of Morganfield on U. S. 60.

**SALE HEADQUARTERS:** Forty Winks Motel, Morganfield, Ky. Other good motels are the Bel Air, Morganfield; and the Sturgis Motel, Sturgis. For reservations write William Meacham, Sturgis, Ky.

**TERMS:** The terms of the sale are cash. Settlements are to be made with the clerk immediately following the auction. All stock will be at buyer's risk as soon as bid off, but we will assist with loading and shipping in compliance with instructions from purchasers.

**HEALTH:** Official calfhood vaccination has been practiced in this herd since 1941. All will be tested for T. B. and Bangs within thirty days of the sale, except officially calfhood vaccinated cattle under the minimum age. The cattle will be sold according to the health laws of Kentucky. Purchasers must be aware of any special requirements of their own states.

**GUARANTEE:** The cattle will be sold under the Standard Guarantee endorsed by the American Shorthorn Assn. A condition of this guarantee is that the seller be notified of any failure to breed within six months of the sale.

**LIABILITY:** All persons attending this sale do so at their own risk. The owners will not be responsible for any accidents that may occur. Neither the sale manager, the auctioneer, clerks, accept any liability. The sale manager was hired for specific tasks promotional and clerical and accepts no liability for accidents, fulfillment of guarantees, or errors in health charts.

## **Representatives**

Don Longley, Sale Mgr., The Shorthorn World, 16 So. Locust St., Aurora, Illinois.

Jim Browitt, American Shorthorn Assn., 212 Koster St., Lexington, Kentucky.

C. D. Swaffar, Auctioneer, 1111 South Pittsburgh, Tulsa, Oklahoma.

Don Smock, Auctioneer, Whiteland, Indiana.

Those not able to attend the sale but wishing to send bids may do so by contacting any of the above. These people may be reached at the last minute by calling the William Meacham residence, Sturgis, Kentucky.

## **Getting to the Sale**

Sturgis is 40 miles southwest of Evansville, Indiana, which is served by several major airlines. Good connections available in any direction. If notified in advance we will be happy to meet you at Evansville and take you back there after the sale. Private planes — a good landing strip is available at the Sturgis fairgrounds.

## **KOREANDALE FARMS**

**CHAS. M. MEACHAM & SONS**

**RAY NAAS, Herdsman**

For many years Charles M. Meacham operated the Koreandale Shorthorn herd and the Koreandale Seed Corn business in partnership with his sons. Mr. Meacham has decided to retire and is selling the business to the sons. William Meacham, who is well known to Shorthorn breeders everywhere, has bought the entire herd. In order to swing the deal, however, it will be necessary for him to sell about 60% of the herd. That is why we are calling this a "near dispersion."

I had hoped I would never see the day when the Koreandale herd was broken up. However I'm happy that Bill will carry on. In September I was asked to come to the farm to plan this sale. Naturally, Bill's chief interest at this point is a good sale. I explained to him that his big job was to assure the public that this would be a true division of the herd — in terms of quality, breeding and ages. He readily agreed that this was to be the case. So Bill, Ray Naas, and I spent all day in the pastures coming up with what we all felt was a fair division from the public's standpoint, yet still leaving Bill with good cattle to carry on.

Fortunately this was not too great a problem. The Meacham herd is one of the breed's oldest. They have always kept just about 45 or 50 females of breeding age. There was never a place in this herd for a poor producer. In assembling the offering we would pick a mother here, leave a daughter; take two daughters in another place, leave the dam.

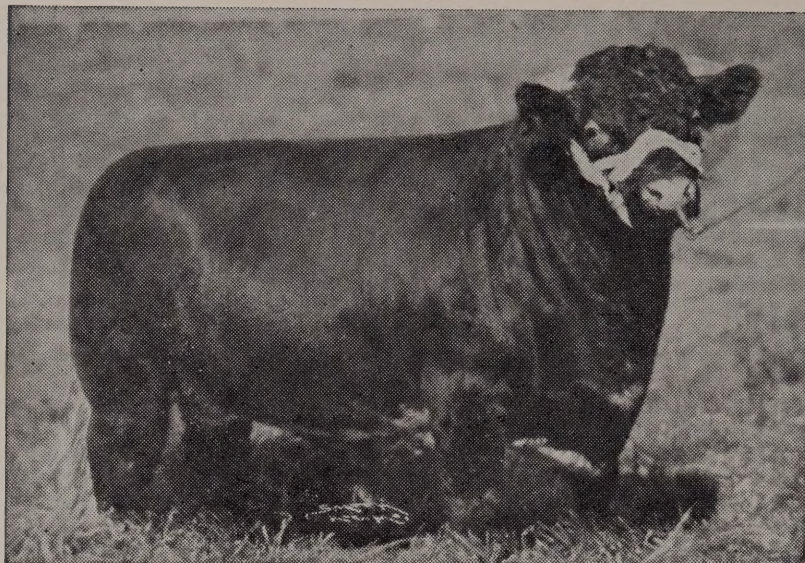

Every year the breed has a few dispersions . . . it is a perfectly normal occurrence. Many are dispersions of herds that have accomplished very little except to gather some females together. It is a rare thing when a herd that has produced tops consistently is offered at public auction. The record of Koreandale cattle is known to all. Twelve times in the last 11 years they have had champions at the Kentucky National Futurity Show & Sale. Wherever and whenever the Meachams have consigned cattle it was news.

Even good breeders could spend a lifetime and never own a sire like Marshall Monty. If you were to list the great breeding bulls of the last 15 years, surely he would be included. This great A. J. Marshall imported-in-dam bull was used for ten years (1947-1956). Always a top son was kept and he has been followed by Leveldale Acumen. In this sale 12 direct daughters of Marshall Monty sell. Thirteen others are either out of Marshall Monty cows or by his sons.

To those planning to strengthen their position in the business by making purchases this fall, I strongly urge you to be on hand November 12.

*Don Longley, Sale Manager*

**Marshall Monty** — Imported-in-dam and calved the property of Sni-A-Bar Farms. He was shown in their group of three at the 1946 International with Sni-A-Bar Control and Sni-A-Bar Randolph. We purchased him for \$2,500 in the International sale. His straight A. J. Marshall pedigree contains many names of Shorthorn royalty. Only three bulls . . . Cruggleton Bounce, Cruggleton Braemar, and Marshall Monty . . . were sired in Scotland by Cruggleton Aircraft before his sale to the Argentine for 15,000 gns. Although we had a number of enticing offers for Marshall Monty, he stayed at Koreandale until his death at 12 years of age. He left his mark on every calf he sired . . . great breedy heads, excellent fleshing qualities, thick-set bodies, good legs. His sons have worked improvement in every herd where they were used and his daughters have made the kind of brood cows that build the breed. For our future we are keeping his son, K F Prince Monty. With the exception of four, every daughter in the herd sells. Most of the other females we are keeping and selling are out of Marshall Monty dams.

**Cruggleton Annexe.** Grandsire of Marshall's Perfect. The Kor-eandale breeding program was based upon liberal use of the breeding of the master A. J. Marshall, Aberdeenshire, Scotland.

**Marshall's Perfect** — Imported-in-dam and calved the property of Dr. E. M. Travelstead, Hillcroft Farms. This bull was purchased at the 1953 Kentucky National Futurity show and sale where he was the Grand Champion. His sire, Cruggleton Assheton, is from the same Averne family that produced Marshall Monty. When we had an opportunity to buy his dam, Fay Clipper, in the Travelstead Dispersion we did so at \$1,600. She sells in this sale. Unfortunately, Marshall's Perfect died after siring only one crop of calves.

S. J. Stokes, Jr., Lexington, President of the Kentucky Shorthorn Breeders' Assn. presents championship trophy to William Meacham for K F Rex Talisman, Grand Champion, 1959 Kentucky National Futurity Show and Sale. This son of K F Rex Perfect sold for \$1,125 to L. G. Byars, Bowling Green, Ky.

**Pittodrie Broadhooks** — This daughter of Beaufort Bolido has been a wonderful brood cow, producing an outstanding calf when bred to four different herd bulls. Her champion bull at Bowling Green in 1959 was sired by K F Rex Perfect. Her reserve champion at the same sale in 1960 was by K F Prince Monty and was considered by many to be the most promising herd bull prospect ever to go through that sale. This cow was purchased in the Mathers Sale in 1952 for \$3,900. She has raised seven calves since 1953. **Sells with a red bull calf**, March 29, 1960, by Leveldale Acumen. Bred June 27 to K F Prince Monty. Horn number 87.

Another view of **K F Crown Prince**, Reserve Grand Champion Bull, 1960 Kentucky National Futurity show and sale. He is out of Lot 9, and is out of the same dam as Lot 10.

**Fay Clipper** — A straight A. J. Marshall pedigree of which there are very few left and even fewer to be sold. She has produced a calf annually since her purchase for \$1,600 in the Travelstead dispersal in 1955. A son, K F Perfect Host, was champion at the Kentucky Futurity in 1957. Two daughters are being retained in the herd. Prior to our purchase of her she produced Marshall's Perfect, Kentucky Futurity champion, and a bull we used with success. Her '59 calf, K F Monty Pride, is in the sale. **Due to calve Oct. 26** to Leveledale Acumen. Horn number 83.

**Crichton Buzzard.** Supreme Champion, Perth, Scotland, 1960. Lot 12 is sired by his half brother, Crichton Butler.

**Lot 12**

**K F Mary Anne of Lancaster** — Marion Mackey purchased the dam of this cow for us at the 1959 Perth sale from Cromleybank. We then had her bred to their new herd sire, Crichton Butler, outstanding son of Tolquhon Bosco and half brother to the 1960 Perth champion bull, Crichton Buzzard. This attractive heifer was the result of this mating. We had planned to keep her, but the sale manager insisted she sell because we are keeping the dam.

**K F Marshall Rodney.** Grand Champion Bull, 1950 Kentucky National Futurity Show and Sale. Used in the Ray Yarnell herd and their successors R. B. and A. V. Stimson, Dumas, Arkansas. Just one of the many sons of Marshall Monty that made a great record in the herds of their purchasers. K. F. Marshall Rodney is a full sister to Lot 13.

## *12 Daughters of Marshall Monty Sell*

Many attractive offers from the great herds of the nation were made for Marshall Monty. However, the Meachams were steadfast in their refusal to sell him. The sixteen daughters retained in the herd were never to be sold. However, the circumstances surrounding this sale have made it necessary. As an example of how this herd is being divided with the public, twelve of the sixteen are being sold. Many more are out of Marshall Monty dams.

**K F Golden Chain 30th** — This attractive daughter of Leveldale Acumen would make a splendid senior yearling for a show herd. She will also make a valuable brood cow, coming from the good Golden Chain family. We were unfortunate to have lost her dam before she produced her second calf. Be sure to check this one. Sells open and vaccinated for Bang's. Pref. test, ave. daily gain, 203 days, 2.16 lbs. Index value 140.

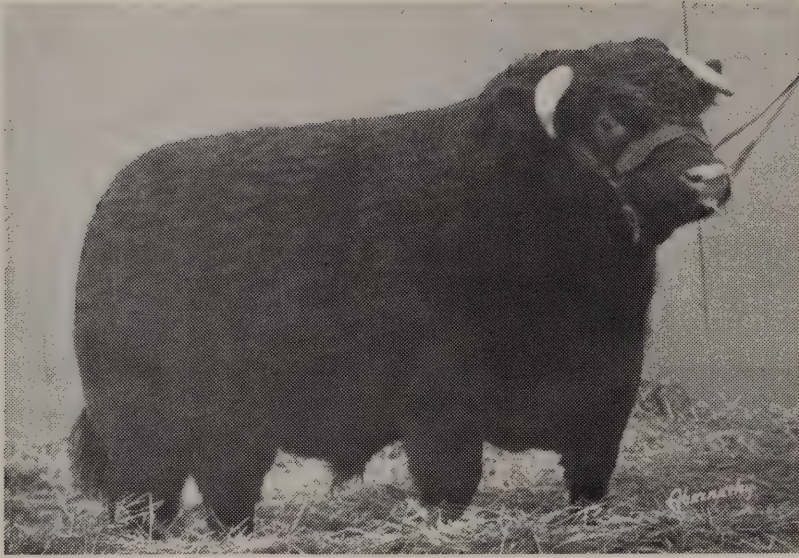

# THE KOREANDALE HERD

Except for calves at foot, this was the complete list of the females at Koreandale as of September 20, 1960. The word "sells" appears after the name of each animal to be sold. The owners feel this is the best method of assuring you that this sale is truly what it purports to be . . . a "Near Dispersion" . . . a study of this material is evidence that this is a true division of the herd with the public from every standpoint . . . quality, families, ages, etc.

**Monarch's Rosemary** — A very smooth, impressive, red heifer. Selling a bit young. Open and vaccinated for Bang's.

# STANDARD GUARANTEE

## endorsed by the AMERICAN SHORTHORN ASSOCIATION

1. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.
2. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or not allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder, notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.
3. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller.
4. When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction of all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.
5. Certificates of registry and transfers will be furnished with each animal sold. A signed pedigree application for calves at side or unborn calves should be furnished with bred females, showing names and record numbers of sire and dam, as well as service date.
6. Shipment will be made as soon as possible after the close of the sale, but at purchaser's risk of loss or injury after animal is bid off.

Although this is a "Near Dispersion" the cattle all sell under the Standard Guarantee of the American Shorthorn Association. The sale manager will gladly answer to the best of his ability any questions which may arise in the minds of prospective buyers concerning the breeding and quality of any animal listed in this sale. Such correspondence should be addressed to Don Longley, Sale Mgr., 16 S. Locust St., Aurora, Illinois. The owner, William Meacham, Sturgis, Ky., will also be happy to answer any such questions.

# NEVER AGAIN

## Such Opportunities..

**K F Victory Flora 2d.** Typical daughter of Marshall Monty. She sold for \$1,500 in the International sale to Carl Stander, Bellville, Ohio. It took the Meacham's ten years to put back exactly the right 16 daughters of Marshall Monty in their herd.

*Selling . . . 12 of the 16 daughters of*
